Software Engineer

My dedication to produce high quality work brings thoughtfulness at every stage. I thrive on solutions that are purposeful and provide efficiency for users without sacrificing on value. Years of forensic accounting experience built strong analytical skills that I draw on to make successful applications.

SKILLS

CSS3, HTML5, JavaScript, jQuery, React, Express, MongoDB, Mongoose, Ruby on Rails, SQL, GitHub

EXPERIENCE

General Assembly, Software Engineering Immersive Program, remote   Aug 2020 - Nov 2020
Applied developer skills in MVC framework to group and individual projects during a 500-hour course. Projects include, but not limited to:

- Portfolio - Built a responsive website about myself as a developer to include projects I created using CSS, HTML, JavaScript and jQuery to pull API of project data.
- the.Learn - A responsive app where users can take multiple choice quizzes as well as create custom categories and questions. The user results are displayed in a dynamic D3 bubble chart. Technologies used were React, D3, Ruby on Rails. Full CRUD functionality.
- Pause - An app for users to maintain a wishlist of self care activities. Full CRUD functionality with auth using React, Express, Mongo and Node.js. This was a group project built in a week. My primary responsibility was for the front end functionality in React.

Ernst & Young LLP, Fraud and Integrity Services Senior Manager, Chicago, IL   Apr 2012 - Jun 2020
- Conducted and managed over 30 investigations of alleged Foreign Corrupt Practices Act violations and anti-bribery and corruption risk assessments
- Includes overseeing US and international teams that reviewed thousands of electronic documents, tested hundreds of purchase or sale transactions and reviewed over 30 project files. Supported clients with upwards of 100 witness or informational interviews.
- Conducted and managed about four financial statement related investigations
- Includes performing quality review of teams' complex analyses of assets and sales. Supported client in conducting about 15 witness and informational interviews.

Ernst & Young LLP Financial Statement Auditor Senior, Detroit, MI   Sep 2009 - Mar 2012
- Conducted period end financial statement audits of a Fortune 100 automotive supplier. Detail reviewed certain material asset and liability accounts to assess reasonableness and preparation in accordance to Generally Accepted Accounting Principles.
